Passed you in the streets today.

D C Am

You just turned and looked the other way.

I felt betrayal's sharp sting.

How the fuck were we a thing?

I see you two all over town.

You sure seem to get around.

Now you can just keep on walkin'.

'Cuz I think you did much more than talkin'.

Looked into the mirror, it shattered.

To you, we never really mattered.

In the mirror I saw the broken hearted.

My damaged soul soon departed.

DEDEDFEDE (Solo: On B string or D string)

'Cuz, I died, I died, a little bit,

inside, a little bit,

And since you walked away,

My demons have been held at bay.

Yes a heavy price was paid,
D C Am
but I find myself more well today.

DEDEDFEDE (Solo: On B string or D string)

I just died, a little bit,

but you'd a never seen it that way.

So my life rushes on minus you.
